* Mahochiei = possible pun; mahou = magic and chie = wisdom

A-... Aoko!!!
What the...
Aoko, what are you doing...!?
Mahochiei Academy 2nd Year
Student Council Vice President
Santou Akira
That's true, but...
...ah.
Don't we need to talk to Aoko before we can make a decision on that?
NOTE Book
What is it?
I just heard Aoko's voice.
I accept your challenge!
Mahochiei Academy 3rd Year
Student Council President
Goshoku Aoko
...what rumor?
was that rumor true?
...wait, Aoko,
There's a weird rumor that you'll go out with anyone who beats you at Magic The Gathering
actually, there's also one saying you'll do anything for someone who beats you

I summon Stormtide Leviathan.
—Several minutes earlier.
I won this one, didn't I?
You're really into this, though, Aoko...
Is Magic really that fun?
Not every challenge.
Geez... Aoko, why do you have to accept every challenge you get?
That's it?
うわあああ...
(SFX) Uwaaaaaaaa...
...sorry.
I'll counter that with Rewind.
I-in that case, I'll use removal on your...!
Eh... eeeeeh... After all this, how...
that means I'll never run out of opponents, so I'll leave it alone.
Hmm... I don't remember saying anything like that, but...
I'd never lose to someone with an ulterior motive like that.
—Akira.
But what if someone does beat you?

Mahochiei Academy 1st Year
Student Council Secretary
Heike Mashiro
Uhihi! There's no tension at all when I fight you, Mashiro.
Then what about this?
If I win, you have to start wearing the school uniform here.

Mahochiei Academy 1st Year
Student Council Secretary
Numakura Yami
Hm...
The rules of Magic aren't that complicated,
but every single card has its own abilities, so putting them together to yield countless variations is extremely satisfying

Then that is the ante.

Nonsense! Utter nonsense! If you lose, I'll treat you as my slave!
Mm-hmm? You think I, Yami-sama, would lose to a dress code enforcer?

HYAHAAAAAA!!
Well...
Was there something specific that got you into it?
Vampire Nocturn-uuuuuuuus!!

This Knight of Glory has what is called "Exalted."
Whenever one of my creatures attacks alone, it gets a boost for every card on the field with "Exalted."
Does this mean Mashiro won?
Not yet, but I do have the upper hand.
Guard-ians of Akrasa...
Angelic Benedic-tion...
I summon Aven Squire...
...
0/4
2/1
...and
...hu huhuhuhu...
Knight of Glory.
Haha! That card does a lot. Yami can't do any-thing against it.
What are you rambling about, you useless Vice President!?
Hmm... so it's like a hero that heads to the battlefield all by himself.
Yes.
...in addition, it has "Protection from Black," so Yami-san's black cards can't touch it.

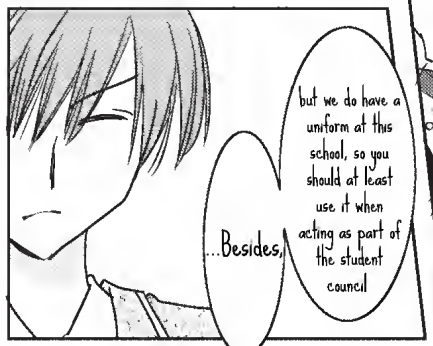
Part of the minority who loved the old version of the uniforms
Th-... They seem to have some very strong opinions...
Aoko, do you...?

This is your divine punishment!
...huhu!

Uu...
At this rate I'll be at his mercy...

Skythiryx, the Blight Dragon!
XOP DECK!!
I summon...

...you might be allowed to wear that because of how popular it is with the voters.
...I only wear this because it's more comfortable.

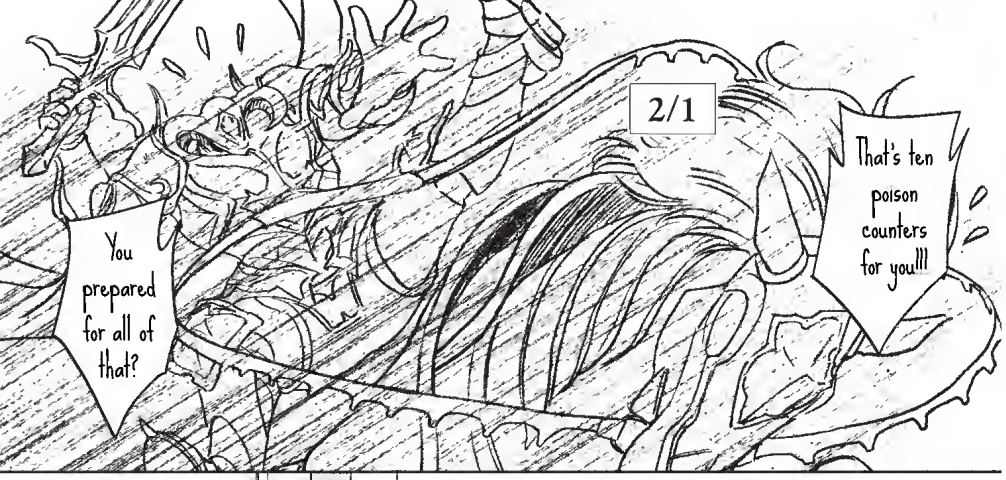


...Besides,
but we do have a uniform at this school, so you should at least use it when acting as part of the student council

My right to wear what I want is at stake here!
You don't wear the uniform either, so you should be supporting me here!!

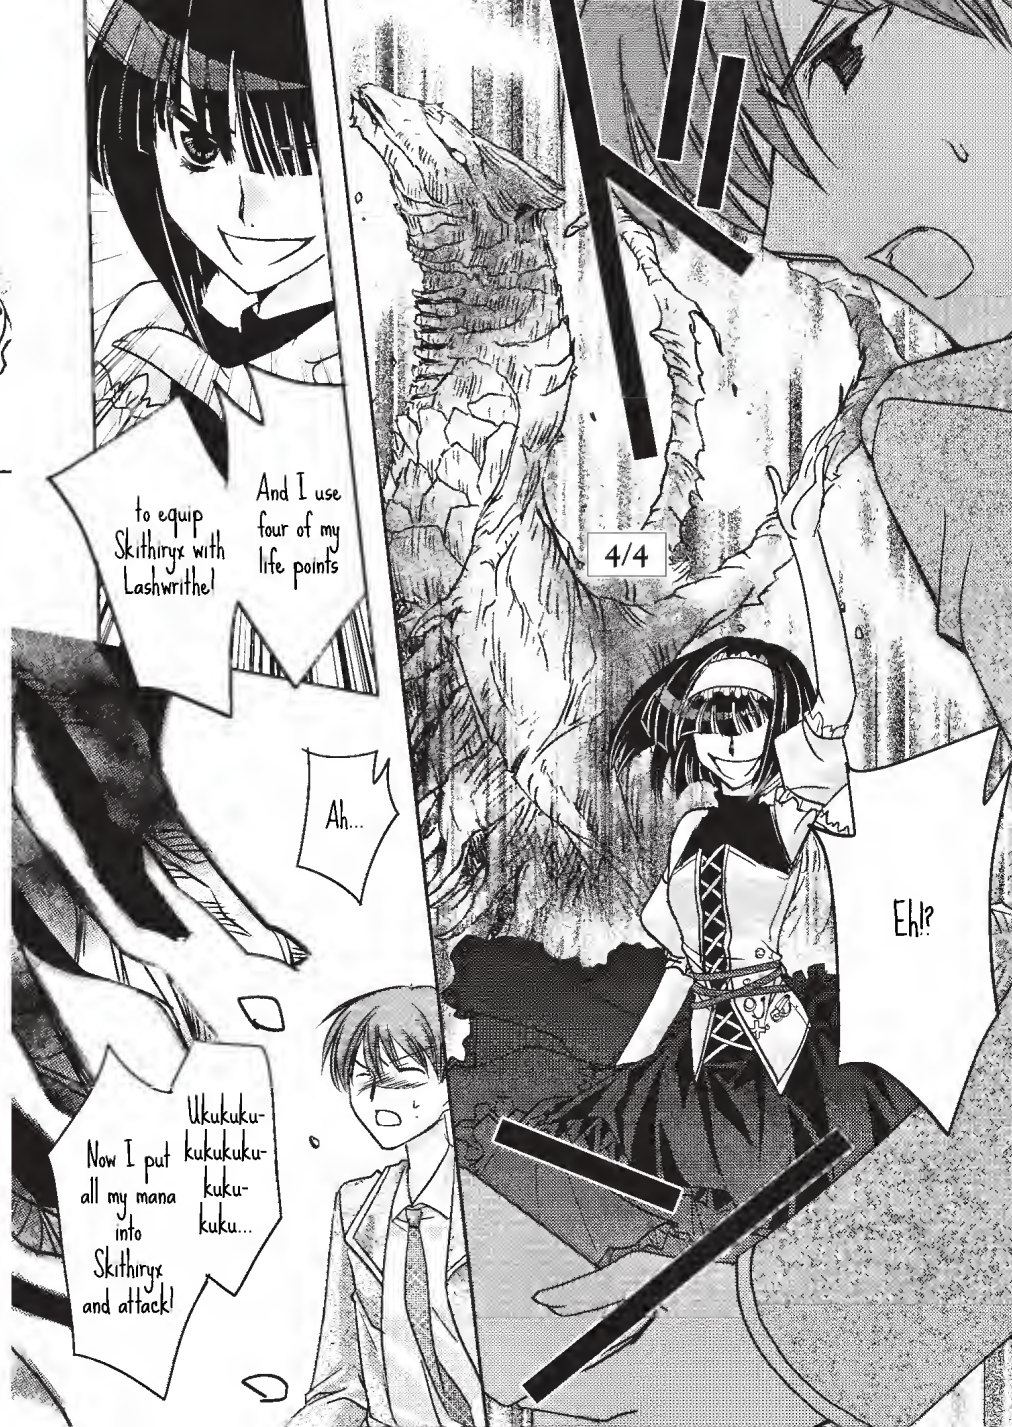
I will never lose to someone like you!!
KISHAAAA!
Fashion sense is an extension of the self!

the golden badge that proves you're on the council
should never be worn in a place like that!



2/1
You prepared for all of that?
That's ten poison counters for you!!!

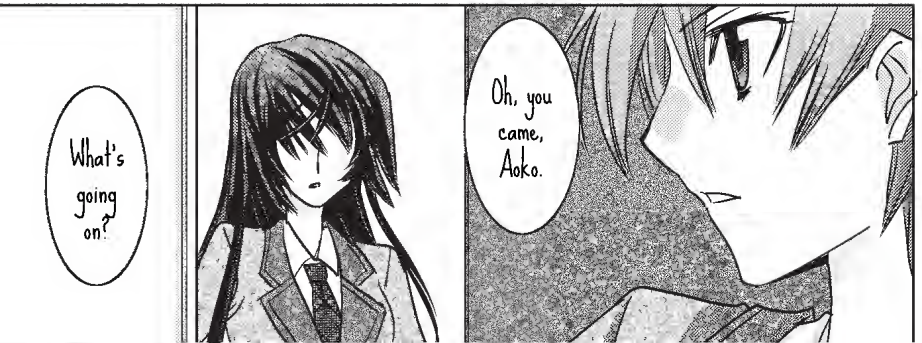
No one said we were playing M13 only!
...wait, so that wasn't an M13 only deck?
Hm
What? She turned the tables on you?
Ten counters and you lose~ Which means you're my slave now~
That's right. This dragon gives its target poison counters instead of damage.
This looks fun. Think I can learn it too?



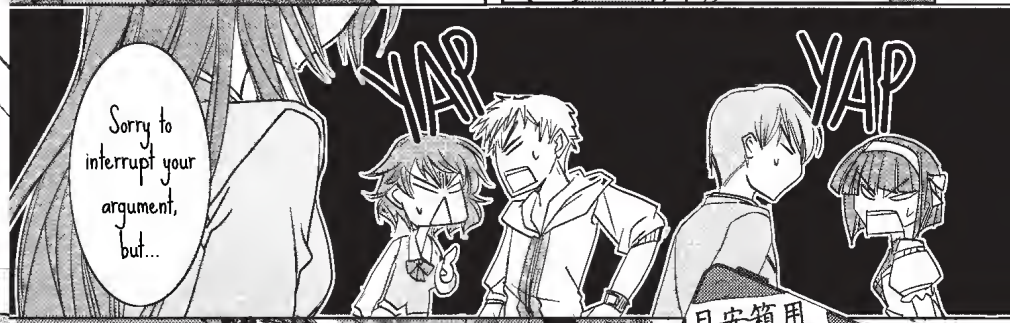
4/4
And I use four of my life points to equip Skithiryx with Lashwrithe!
Ah...
Eh!?
Ukukuku-kukukuku-kuku-kuku...
Now I put all my mana into Skithiryx and attack!

What's your club going to do about this!?
Physics Room
SFX: (door opening)
Mahochiei Academy 3rd Year
Ethics Officer
Misumi Koto
The Biology Club's heater stopped, killing all of our medaka* and insects!!
Are you suggesting it's our fault?

*a common aquarium fish



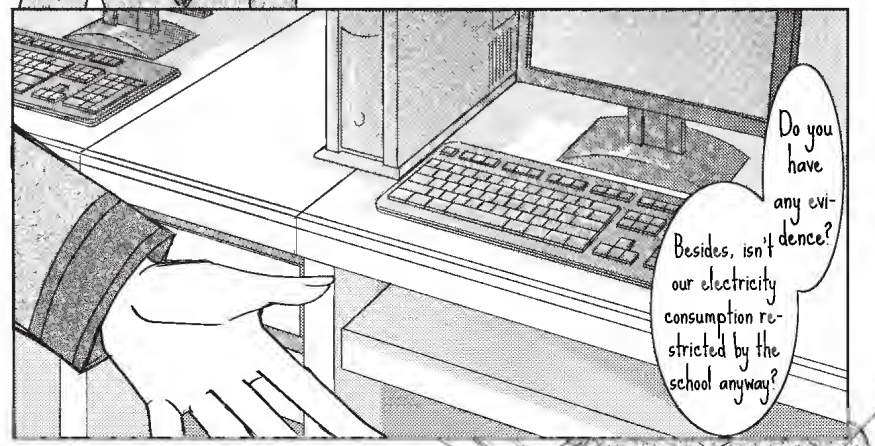
How could you be like all those other guys!?
Huh? I never said I was after her!
Don't tell me...
you're planning on challenging Aoko?
Eh?
N-...no, not that...



The student council president? What are you doing here?
We haven't done anything wrong.
And that's why I'm asking for your help.
So I've heard. ...but you do seem to have a lot of equipment in here.
—Okay, I'll take it from here.

Uu....
How's that sound? Obviously I'd prefer it if the clubs made amends on their own, but...
Since you have all this, it loks like you won't be needing any more funding for a while.
There's no helping that it takes a lot of electricity to keep it running.
Yeah, this system is our pride and joy.

About that the physics club got into a fight, so I came to meditate, but...
—I'm saying, you guys use too much electricity,
which is why our heater broke and all our medaka and insects died!
That's called jumping to conclusions.



Do you have any evidence?
Besides, isn't our electricity consumption restricted by the school anyway?

So that's the issue
It's obvious who's at fault,
but I can't do anything when no rule has been broken

Calm down, Midori.
The fish and hamsters ..!? How could you ..!?

...inter-esting.
I accept your challenge!!
Ah! Aoko really needs to fix that habit...

You hamster killers! Let's squash their cl-...!
MMN
—In that case, how about this?

We and the student council will settle this with a five on five duel!
Huuh?

EEEEEEEEEEEEEEEEEEEH!!?
Don't worry! My slave here will teach you everything you need to know!
B-but I don't know the rules at all...
Eh?
カリキャ
clink
Really!
Really! Don't make crazy decisions like that without us!
AOKO! How could you use a card game to decide who's wrong
You can't do things like t his just because they're "interesting"
But really... you just wanted to do it for fun... right?
...hm...
and it's a lot less humiliating for them if they lose fair and square in a contest.
I didn't want to use my authority to force them to do anything.
...that's about it for the rules.
I think... I understand...
Though it's hard to say without actually doing it...
We're counting on you, Mashiro
Come on, answer!
...I'll get ready before school ends...
Eh?
But, if it's five on five...
That means Akira and Midori will be playing too.
Well... maybe.
I knew it.

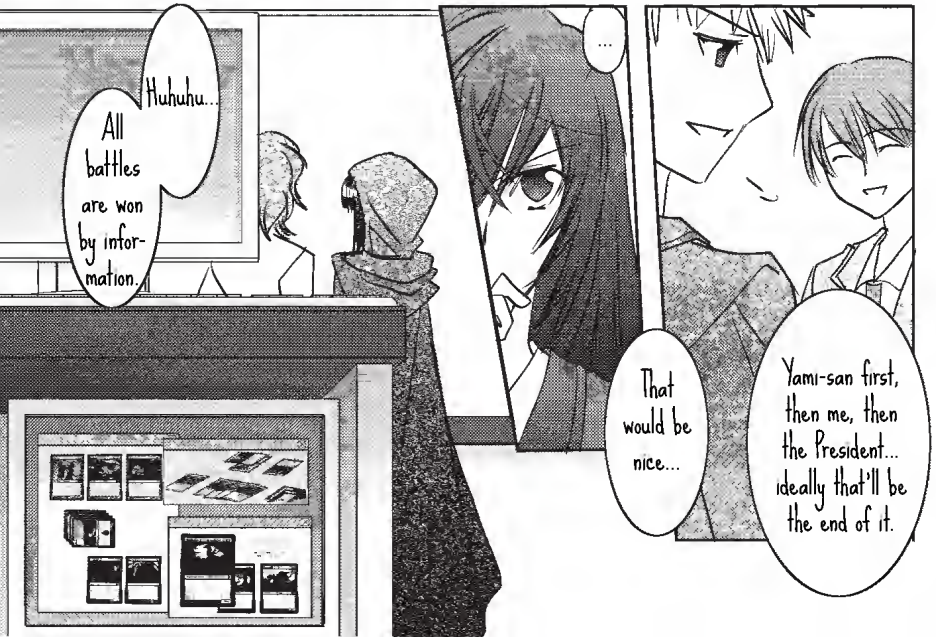
Here, this is your deck, Midori.
Basically, like you wanted, it's designed around creatures.
Yes! These are so cute!
...cute?
I'll summon Arbor Elf and Borderland Ranger early,
then use lots of mana to summon lots of other creatures.
Yes! It'll be a kingdom of animals!
they're animals?
Then I'll use Titanic Growth and Rancor to strengthen my creatures before crushing my opponent.
...am I that simple?
Sounds good for a simple guy like Akira.
Akira, I designed your deck around cards like Searing Spear and Flames of the Firebrand, which can attack your opponent directly.
Okay, Flinthoof Boar-chan, attack!!
So, let's try an actual game now.
I see...
Yes.
...do you have to keep calling me that?
Is my slave doing his job properly?
You can also use it to get rid of bothersome creatures.
Of course, just attacking isn't enough.
Using this card, Volcanic Geyser, will allow you to do more damage by using more mana.

★buzz★
One Week Later
Physics Room
I heard they're going to settle a dispute with a game of Magic.
What's going on in there?
President Goshoku is doing it again...

3 POINT DAMAGE-!
Aaaaaah!
Exactly.
Then I cast Searing Spear on that creature, right?
For instance, if you use Titanic Growth now, you can make the creature stronger and save it.
+4/+4= 6/6!
I told you you're taking this too seriously!
Huhuhu... All right, Boar-chan, time for your revenge.
That's how the game works...
What have you done to my Boar-chan!?
There, there. You just need to respond to his spell.

Don't worry, Midori. We'll win before your round comes.
All right. Both teams, get ready.
Th-this is kind of exciting...

A five-on-five team duel. If we win, then you will accept the Biology Club's demands.
But if we win, then we don't have to do anything.
Yes. We'll disconnect a third of our machines.



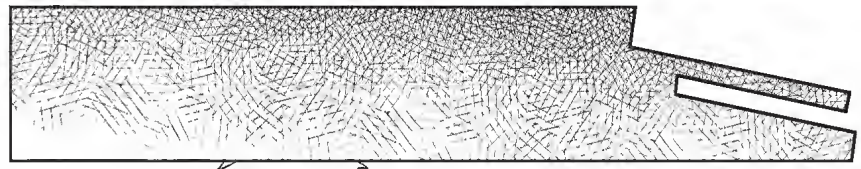
Huhuhu... All battles are won by information.
...
That would be nice...
Yami-san first, then me, then the President... ideally that'll be the end of it.

...Neither will we. We have a perfect plan.
We won't lose.

There's definitely something wrong here!!
They removed my main attacker with Celestial Purge!
Nobody puts that in their deck unless they know they're going against a red or black deck!
Hmm
Did they know Yami's deck was black...?
My white deck is built around tough creatures,
but they were all wiped out by Cower in Fear and Curse of Death's Hold.
Then at the end he used Knight of Infamy, which is ideal for killing white creatures maybe it's just a coincidence, but...

Trust me.
I will win this.
Wh-what do we do, Aoko?
Don't worry.

First players for both teams, take your seats.
Uhihihi~ I'm gonna pulverize you~
It's a little unfair, but we need to win this.



I'm not sure...
It was just strange.
Was the other guy that good?
Strange?
I'm sorry...!
UWAAAAA, sorryyyyyy!!

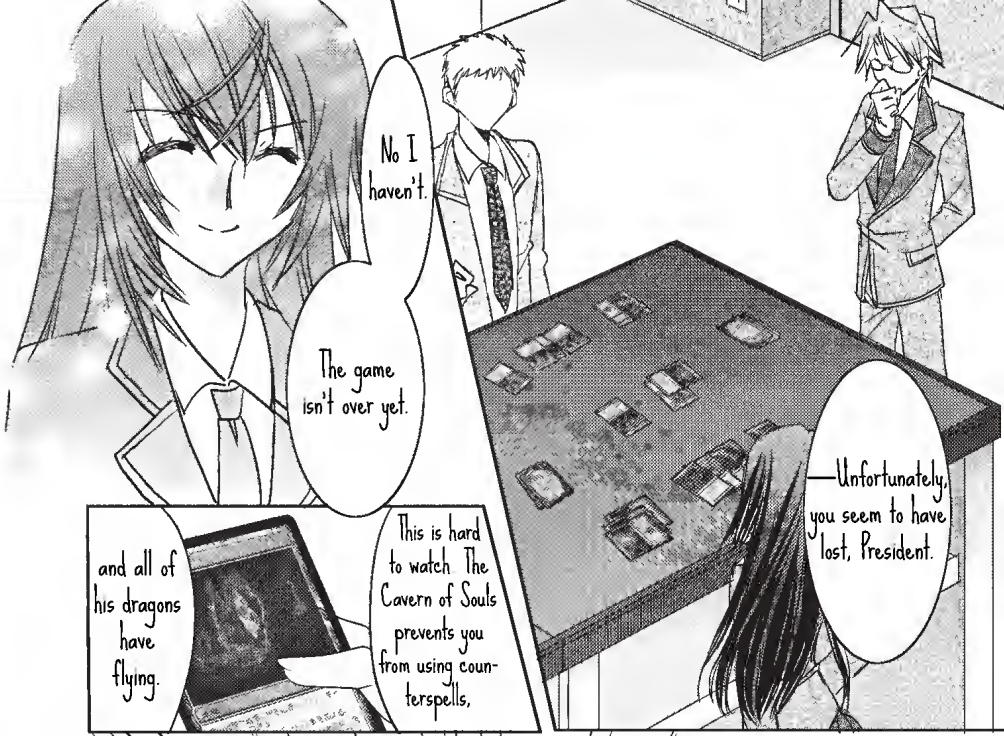
I did try designing my deck to deal with that...
though even if I lose, the two after her are small fry, so I guess there's nothing to worry about
5th Turn
Aoko: 21 life
Physics Club Member: 20 life
I'll tap all of my lands to summon Thundermaw Hellkite,
then attack with that and Furnace Whelp.
Hmm.
I'll take the damage.

I'm not worried.
I believe in you.
...is belief the issue here?
Even if you win, Aoko,
Midori and I still need to win our matches.
Next is Goshoku Aoko... she's the toughest one.
Not only is she a very good player, but her deck is blue...
Her deck has a Stormtide Leviathan... which means at the end,
any creatures without flying or islandwalk will be unable to attack.
Right now the standard environment doesn't have any cards that are especially good against blue decks.

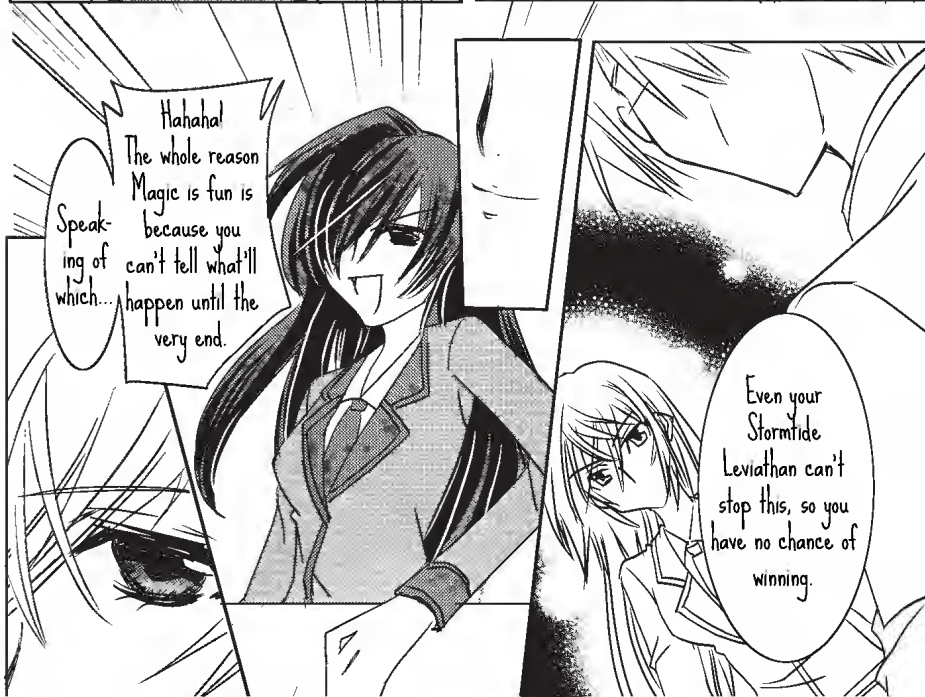
Aoko:
15 to 4 life
...eleven points of damage...
2/2
Now I'll summon Archwing Dragon,
5/5
4/4
and attack with all three dragons!!
Uwawa... this is bad, she's gonna lose! Do something, Akira!
Like what...?
Aoko: 21 to 14 life
5/5
This is pretty bad...
H-hey, what's going on?
It looks like she's having trouble.
Now it's my turn.
I'll play an Island, then play Gilded Lotus.
Pass.
Her opponent played Cavern of Souls and named "dragon,"
so President Aoko can't counter any dragons he plays.

...hm?
—Why do you know my deck has a Stormtide Leviathan in it?
Eh? W-well...
...ah! R-right... I saw you duel before, President, so I assumed you'd have the same cards this time...
Ah... that would make sense.

H...hey, finish her off already!
Y-yes! In that case...
...On my turn, I'll play a Plains and cast Ponder.
I'll draw a card and pass.



No I haven't.
The game isn't over yet.
—Unfortunately, you seem to have lost, President.
This is hard to watch. The Cavern of Souls prevents you from using counterspells,
and all of his dragons have flying.



Hahaha! The whole reason Magic is fun is because you can't tell what'll happen until the very end.
Speaking of which...
Even your Stormtide Leviathan can't stop this, so you have no chance of winning.

If I remember correctly... she only has one of those in her deck.
That was lucky for her, but it won't last much longer.
I drew Terminus, and cast it with Miracle...
so all of your dragons are off the field now.
And now it's my turn.
2/2
4/4
5/5
I'll play Kessig Wolf Run, summon Archwing Dragon again,
and attack with all three dragons!
Hm? She still has white mana left...
...impossible...!!
I cast the Think Twice in my graveyard using flashback...
...Oh-ho. So you must not have known this was in my deck.
I play an Island,
and summon Stormtide Leviathan!
8/8
Y-yes! Is she back in it now?

—In my opinion, miracles don't just happen.
What are you talking about? You're not gonna get another miracle like that!
They're something you make happen.
—I play another card with Miracle.
Now I get two turns in a row.
T-that won't save you... it's only two turns...
I'll play Clone on my Leviathan,

Her opponent has twenty life left. It'll take at least three attacks to bring him down.
If he summons another dragon and attacks, she won't survive.
No... the Leviathan has 8 power.
The President's life is steadily restored by her Pristine Talisman, but it's still only at six.
This time you're finished!
And I'll pump it with Kessig Wolf Run so it can kill you in one hit.
So you do understand what's going on.
Like I said... there's no way to know for sure until it's over.
I summon Moonveil Dragon.

...by the way, even if you've seen me duel before, how could you know I only have one Terminus and one Temporal Mastery?
Uu...!
I'm a little confused here, but should we call off the match for now?
Y-yes, good idea...

Student Council Room
...No.
Just take a quick break to calm down.
Found it. A camera, mic, and transmitter.

8/8
8/8
to make a second one!

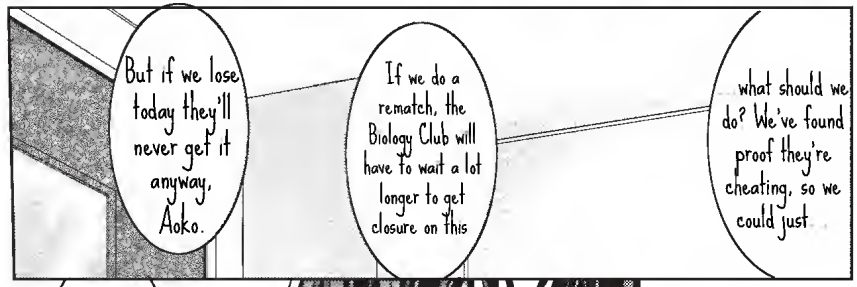
That's far too convenient!
You only have one Terminus and one Temporal Mastery in your deck. How could they both be in the three cards you saw earlier!?
That's cheating!! I'm not buying it!!
And now she can get three attacks in!! The President wins!!

That's what happens when she gets really angry.
Why does her face look like that?
It'll be fine. You just need good acting...

There you are. Let's get started.
those two are beginners. They can't change decks that easily
We just have to choose between our normal decks, or the ones we designed for them...
Physics Room
What should we do? It looks like they finally found the camera.
Normally they'd prepare different decks, but...

WE DID NO SUCH THING!!
THAT'S NOT WHAT WE WERE DOING!

As well as Akira's and Midori's week of lovey-dovey after school training.
So they've seen all of our cards.



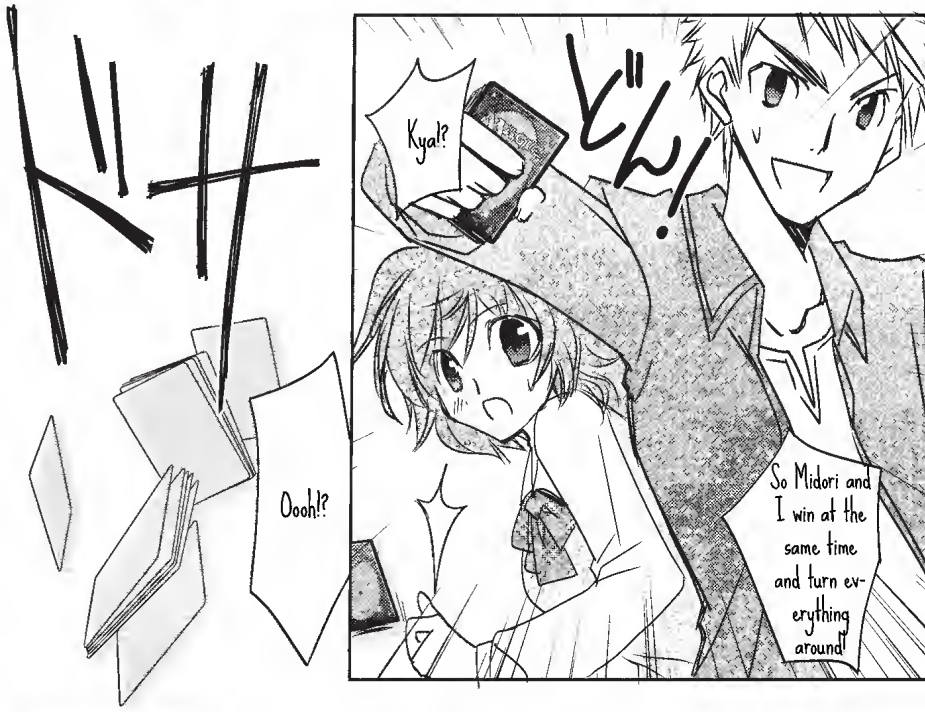
But if we lose today they'll never get it anyway, Aoko.
If we do a rematch, the Biology Club will have to wait a lot longer to get closure on this
what should we do? We've found proof they're cheating, so we could just

Midori and I can't use any other decks.
There's no way we could use unfamiliar ones effectively on our first try...
Yes there is.
Just use different decks.
He's right. If Yami and Mashiro couldn't beat them, there's no way...

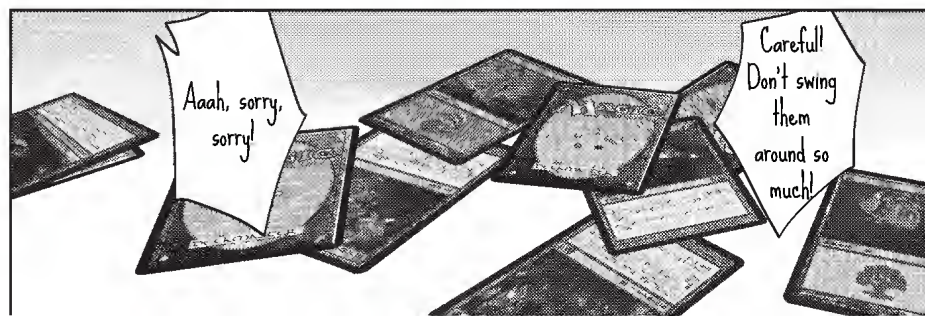
Now, 4th and 5th rounds, begin!
That's it? ...so they do have no ideas after all.
Let's get this over with.

Idiot! Your deck couldn't possibly win against mine.
—But I think I still have a decent chance.
Yeah, I wouldn't be able to do something like that.
We haven't given up.
There's no way you can pull the same tricks your President did
...I see you gave up on figuring out a better strategy

Since so much time has passed, why don't we have the two remaining matches at the same time?
I have a proposal.



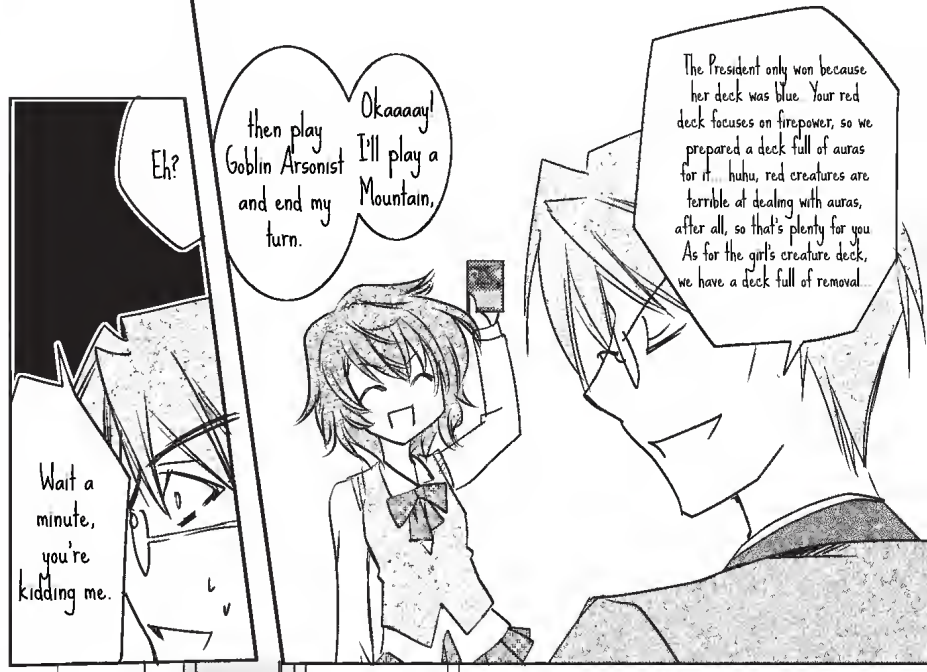
トサ
Oooh!?
Kya!?
どん!
So Midori and I win at the same time and turn everything around!



Aaah, sorry, sorry!
Careful! Don't swing them around so much!

Okay,
Flames of the Fire-brand for three direct damage.

Ah...aaaa aaaaaaaaa aaaaaaaaa aaah...
4/4
Now I'll summon Midori's favorite icky creature, Roaring Primadox.
He's not icky!
P-presideeeee eeeeent!
And finally...

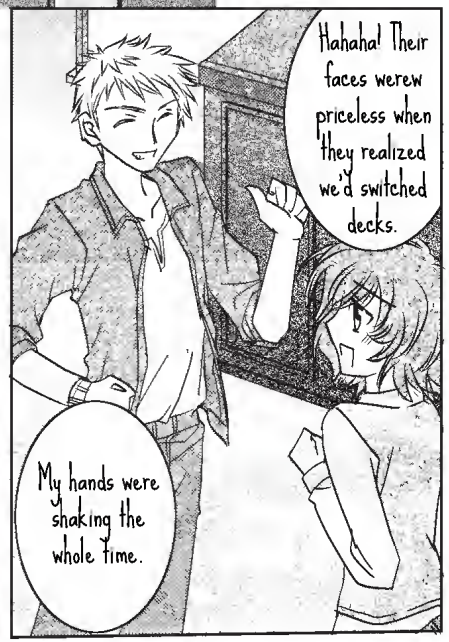


Eh?
Wait a minute, you're kidding me.
then play Goblin Arsonist and end my turn.
Okaaaay! I'll play a Mountain,
The President only won because her deck was blue. Your red deck focuses on firepower, so we prepared a deck full of auras for it... huhu, red creatures are terrible at dealing with auras, after all, so that's plenty for you. As for the girl's creature deck, we have a deck full of removal.

Wait... are you... using each others' decks!?
Eh? Eh? What are you doing!?
Yeah, and I know all the mean tricks you pulled on me with yours.
I've been practicing against Midori all week, so I naturally learned everything in her deck.
All right,
I'll play a Forest and summon Arbor Elf.

No... you win.
So the student council wins. Any objections?

Haa... thank you, Yami-sama.
clink
カチャ
Okay! You've worked hard this week, so I release you from slavery!



Hahaha! Their faces werew priceless when they realized we'd switched decks.
My hands were shaking the whole time.

Volcanic Geyser with Chandra, the Firebrand for double damage!
Put two Rancors on Thragtusk and attack!
9/3 TRAMPLE!!
Yes!!
The match is over!
